## **In Memoriam.**

At a meeting of the Board of Trustees of St. Luke's Hospital, held October 19, 1903, it was resolved that,

The Trustees of St. Luke's Hospital have heard with great regret of the death of William Gold Hibbard and at this their first meeting since that sad event, they desire to put on record their grateful recollections of the many kindnesses and benefactions the Hospital has received from Mr. Hibbard. He was a warm friend of this Institution from its very beginning and ever manifested in the most substantial way his interest in its fortunes.

The Trustees fully share in the general grief at the loss of so good, so representative and so useful a man and would respectfully convey to his family their sincere condolences in their great sorrow.

RESOLVED, that a copy of this minute be sent to Mr. Hibbard's family, signed by the President and Trustees, and that it be printed in the annual report.

## In Memoriam.

At a meeting of the Board of Trustees of St. Luke's Hospital, held May 20, 1903, the following resolution was adopted :

At this first meeting of the Board of Trustees of St. Luke's Hospital, since the death of Mr. N. K. Fairbank, it is eminently fitting that the Board should put on record its grateful remembrance of the many obligations due our late associate from this Hospital.

St. Luke's never had a better friend than Mr. Fairbank, or one who labored more zealously for its welfare. The founder of the Hospital, Dr. Locke, has often said that if it had not been for Mr. Fairbank's warm support, and his assurance that he would stand by him in all emergencies, he never could have undertaken the building of the present edifice. Mr. Fairbank himself solicited the greater part of the money for that purpose, and his personal gifts to the Hospital amount to very many thousands of dollars.

He was for many years the Treasurer of the Hospital, and carried many of its financial burdens.

Such examples of liberality and personal devotion are rare, and we thankfully record him and his revered wife, Helen Graham Fairbank, among our Benefactors.

# Fortieth Annual Report of the Trustees of St. Luke's Hospital.

Fiscal year ending September 30, 1903.

The Board of Trustees return their grateful thanks to the friends and patrons of the Hospital for their liberal support during the past year.

Not only has the demand for hospital service increased materially, but the expense of furnishing such service has become greater to a serious extent. The increase in the number of patients over the previous year was nineteen per cent, though by reason of shorter stays the net increase in the number of patient days was eight per cent. The expense of conducting the Hospital increased far beyond this percentage. Materials and food were higher, while the common labor of the Hospital was pushed up more than \$4,000; entirely out of proportion to the advance in the cost of living. While this state of things lasts the Hospital is thrown more than ever on the generosity of its friends, as it is neither desirable nor expedient to attempt to advance, to an equal extent, the scale of charges made to pay patients, who furnish seventy-five per cent of our income.

The year has been made notable by the devoted and successful work of the Women's Board, of which Miss Margaret Enders is the efficient President. The generosity with which they have given their time and personal exertion, often at the sacrifice of health, has been beyond praise and has communicated an enthusiasm to others, which

promises very important results. Possibly we may hope for the realization of our wish to ultimately use the present Hospital building entirely for free work, taking care of all emergency cases occurring in the business district, while the endowment might, to a large extent, take the form of a modern building for pay patients, graded in prices but affording accommodations similar to those in a modern hotel, much in demand but not furnished adequately outside of New York. Such an achievement would be a fitting climax to the work commenced by the Women's Board.

A charming and much enjoyed Christmas entertainment for the patients and nurses given by the Entertainment Committee, Mrs. J. Ogden Armour and Mrs. Marshall Field, Jr., was the first step taken. It was quickly followed by the "Fete of All Nations," which yielded to the Hospital \$17,000. The thanks of the Trustees are gratefully extended to those who carried that entertainment to its successful issue. The Fete gave a basis for plans for the new year which have already received substantial encouragement from wise and faithful friends.

The Fete fund has been applied under the direction of the Women's Board. Three thousand dollars was used for current expenses of the Hospital, \$8,000 was laid aside toward the purchase of land for a new building, \$6,000 was expended on mosaic floors in the main corridors, erecting a new mortuary building, adding a smoking room to the Getty Ward, adding new ovens and steam-table in the kitchen, improving the laundry, providing new sleeping quarters for the men and new dining rooms for the men and women of the working staff. It may be here stated that during the last three years substantial improvements to the plumbing, fire-proofing, kitchen facilities and laundry have been made at a cost of \$19,236. These changes

have materially added to the cleanliness, healthfulness and comfort of the Hospital.

Horace P. Taylor, late President of the Oakland National Bank, a generous giver to charity in his life-time, made the Hospital one of the residuary legatees under his will. The share will amount to at least twenty-five thousand dollars.

Mrs. William G. Hibbard, with whom we mourn the loss of her philanthropic husband, offered on St. Luke's Day, \$10,000 to endow two beds, one in the name of Henry Junior Hibbard and the other in the name of Jesse Oakley Hibbard.

To the Superintendent, the Directress of the Training School and their faithful employes and the internes and nurses is due the sincere thanks of the Trustees.

# Superintendent's Report.

To the Board of Trustees :

*Gentlemen :*

I beg to submit the following report of the work done in the Hospital during the past year :

The increase over last year in the different departments is worthy of note.

Increase in the number of in-patients treated.....	19 per cent
Increase in the number of patient days.....	8 per cent
Increase in the number of patients treated in the Dispensary	13 per cent
Increase in the number of Dispensary visits.....	15 per cent

The in-patient service has been divided into thirty-four per cent private room days and sixty-six per cent open ward days. This means fifty-four per cent of the work done outside the private rooms was free. The patients, children under twelve years of age in the Florence Ward and the patients in the Maternity Ward were nearly all free.

The Dispensary service has been conducted on the same line as in the past. No fee is exacted from the patients except a nominal charge (when they are able to pay it) for the medicines which they carry away. No charge is made for medicines or dressings administered or applied.

The outside real estate of the Hospital is in good repair and all except vacant property is rented to good advantage.

The Hospital plant and equipment has been kept in good repair during the year and \$10,203.01 has been expended in replacements and improvements. This sum does not include ordinary repairs. Among the more important improvements are :

Tile floors in the basement and in all the main halls.

A separate mortuary and autopsy building.

The re-arrangement of the laundry building whereby the

fourth and fifth floors were vacated; this space has been converted into dormitories for the male employes.

A smoking and sun room erected and furnished, in connection with the Getty Ward.

New pantries and dining rooms for the employes.

The kitchen equipment has been supplemented and improved.

The capacity of the laundry has been materially increased by the installation of a new dry-room, shirt-ironer, body-ironer, washing machine, fan, etc.

Substantial additions have been made to the furnishings of the Florence and Getty Wards, the Nurses' Dining Room, private rooms and Dispensary.

Part of the above mentioned sum was derived from the proceeds of the "Fete of all Nations," part from specially designated contributions and still another part from the current funds of the year. A considerable portion of the furnishings were made possible by the generosity of Mrs. Ogden Armour.

I desire to direct special attention to the report of the Directress of the Training School which I incorporate in this report. It is an indication of the wholesome progressive spirit which prevails in the School and is a résumé of a very satisfactory year.

At the risk of becoming wearisome on the subject of increased and improved accommodations for private patients I wish to bring it again to your attention. The Hospital is even more dependent on its earnings than ever before, and the need for high class accommodations grows more apparent every year.

The tabulated matter which follows will furnish detailed information as to the work and expenses of the year.

Respectfully submitted,

LOUIS R. CURTIS,

*Superintendent.*

*Mr. L. R. Curtis, Superintendent of St. Luke's Hospital.*

DEAR SIR:—I herewith beg to render you the 19th Annual Report of the Training School for Nurses, for the year ending September 30, 1903.

#### STATISTICS.

It is gratifying to be able to state that the general health of the school has been excellent; and that the nurses without exception have apparently taken pleasure and interest in their duties and studies, which they have accomplished very satisfactorily.

The nurses received during the tuitional terms regular courses of lectures, classes in practical work, and weekly quizzes in *Materia Medica*, *Practice of Medicine* and *Anatomy*. A course of twelve massage treatment lessons was given by Mrs. Osbaldeston to the graduating class. The members of the senior class have in turn made rounds during the past summer with District Nurses, with the object of giving them the opportunity to become versed with this form of nursing. The experience was much appreciated by these pupils, several of whom contemplate adopting this class of work after graduation.

In the Ophthalmic Department a special pupil is in charge for a continuous three months' term. Her duty includes the instruction of the ward nurses in this line of nursing, cases of which have increased during late years.

At the weekly dental clinic held in the Tremont Building, one of the senior pupils assists. A laboratory complete in all details has recently been provided in the Training School, which greatly facilitates instruction in urinalysis and bacteriology. It has been arranged that the Intermediate class will receive during the coming winter, a course on dietetics for normal cases, from Mrs. Alice P. Norton of the University of Chicago; and lectures on the same for pathological cases from members of the Hospital Staff. The practice work will be obtained as hitherto in the diet kitchen from an experienced cook.

Didactics hitherto have been given entirely in the evening. Next year we will experimentally change to holding a portion of the class work during afternoons, with expectation of good results, as nurses, tired after all-day duty, can not possibly give their best attention.

The establishing of a post graduate course for St. Luke's Nurses is under consideration, the plans for which have not been perfected.

The Hospital management is greatly in favor of a preliminary didactic course being introduced in the school, but as the housing accommodations for nurses only admit of fifty-four pupils, it is impossible to further this idea, till means have been found to increase sufficiently the capacity of the building.

As our uniform stripe has of late years become so common, it has been thought advisable to change our indoor uniform, in the near future, to another absolutely distinctive, but as yet none has been definitely selected.

Many of our graduates are in charge of Hospital Institutions and the Training School has cause to be gratified with the reports and commendations ever received of the outcome of their work. The following are recent appointments:

Miss B. Barter, class '95, Supt. Findlay Hospital, Dubuque, Ia.

Miss A. Gage, class '01, Supt. Lake View Hospital, Danville. Ill.

Miss. L. Spohr, class '02, Supt. Christ's Hospital, Topeka, Kas.

Miss L. R. Williams, class '03, Ass't Supt. Christ's Hospital, Topeka, Kas.

Miss C. Jacobi, class '03, Supt. Bishop Clarkson Men's Hospital, Omaha, Neb.

On Miss Gage's resignation as our assistant directress, Miss E. G. Rogers was offered and accepted the vacancy; her former position as surgical nurse being taken by Miss G. D. VanKirk.

Mrs. Ogden Armour kindly evidenced her regard for the welfare and comfort of the nurses by refitting their dining room with handsome chairs, besides supplying a bookcase and other articles of furniture for their reception room.

The members of the Medical and Dispensary Staff and outside physicians have rendered inestimable assistance and encouragement in the education of the pupils by lectures and patient consideration and hearty co-operation in

the work of the wards, which we have very highly appreciated.

Especial notice and thanks are due to Dr. H. W. Cheney for his medical attendance on the nurses, which has at all times been interested and untiring.

Respectfully submitted,

M. E. JOHNSTONE,

Directress of the Training School.

### Dispensary.

This Department is conducted for the benefit of those who are able to come and go and are unable to pay for adequate private treatment. The service is free except that those who can do so are expected to pay a nominal sum for the medicine which they carry away with them. When circumstances permit, patients whose condition requires in-door treatment, are admitted to the wards of the Hospital.

Free patients who require attention after their discharge from the wards, are referred to the Dispensary.

The days and hours for the treatment of the various classes of patients are as follows :

Surgical	Cases	every week day from 1 to 2 P. M.
Medical	Cases	“ “ “ “ 1 to 2 P. M.
Gynecological	Cases	“ “ “ “ 1 to 2 P. M.

## Chaplain's Report.

*To the Board of Trustees, St. Luke's Hospital, Chicago.*

GENTLEMEN: My work as resident Chaplain in the Hospital has been prosecuted during the past year with a great deal of satisfaction to myself as I hope to those to whom I have ministered.

My efforts to supplant the work of the physicians in the sick room and wards have been uniformly welcomed by the patients and generously appreciated by the doctors in attendance.

From a spiritual standpoint, of course, but little opportunity is offered for more than mere seed sowing. However I have tried to follow up numerous cases after discharge from the Hospital and have been much rewarded by the happy results of the influence exerted through the medium of my office. Eternity alone will reveal all the good that has been accomplished.

Services have been maintained in the Chapel daily with few exceptions; the Holy Eucharist being celebrated on Sundays, Thursdays and Holy Days.

I have administered the Sacrament of Baptism to nine infants and officiated at two marriages and nine burials.

Services have been held in the open wards as opportunity offered and daily visits made to the patients throughout the Hospital.

I am under great obligations to the Union League Club, the Chicago Club and many individuals for books and periodicals sent to the Library under my charge. Up to date reading matter, and especially illustrated matter of a high order, is always most acceptable.

Respectfully,

GEORGE DEMING WRIGHT,

*Resident Chaplain.*

# **... RULES ...**

---

## **AS TO ROOMS, BEDS AND ENDOWMENTS,**

**SUBJECT TO THE RULES GOVERNING THE  
ADMISSION OF PATIENTS TO THE HOSPITAL**

---

1. A donation of \$10,000 endows a private room in perpetuity, and the endower shall have the privilege of naming the room.

2. A donation of \$5,000 endows a bed in an open ward in perpetuity.

3. A donation of \$300 supports a bed in an open ward for one year.

4. A donation of \$3,000 endows a bed in an open ward during the life-time of the donor.

5. Any room not endowed may be granted by the Trustees to the endower of a bed during his life-time, and he may, during that period, enjoy all the privileges accruing in perpetuity from the endowment of the room, in addition to the perpetual privileges accruing from the endowment of a bed. An additional endowment of \$5,000, at any time, shall endow said room in perpetuity.

6. Any room, not endowed and not granted as provided in Section 4, may be granted by the Trustees, to the supporter of a bed, and he may, during the year in which he supports the bed, enjoy the privileges accruing in perpetuity from the endowment of a room, subject to termination at the close of any year.

7. No ward, or other division of the Hospital, shall be named without action of the Trustees.

**Note.**—The endowment of a bed entitles the endower to nominate one patient at a time to an open ward bed free of charge at any time when there is such a bed vacant, and, if all the beds are filled, to the preference over other applicants when a bed becomes vacant.

If an endower desires any service from the Hospital in excess of that furnished the open wards, a bill will be rendered at current rates, and the current ward charge, which is at present \$8.00 per week, will be credited to the endower on the bill.

The endower of a bed in perpetuity has the right to name a successor, which right to name a successor shall belong to each successor. If an endower or his successor fails to name a successor it will be deemed to lodge the right in the Trustees of the Hospital, who will thereafter exercise the right of nomination to the endowed bed.

**THE PERSONS NOMINATED TO FREE BEDS SHOULD BE  
WORTHY SUBJECTS FOR SUCH CHARITY.**

## **Report of the President of the Woman's Board of St. Luke's Hospital.**

The very complete and satisfactory reports of the several officers and committees of this Board leave very little for the President to say as to the work of the past year, save that the uniform success of our efforts and the spirit which animates not only our members, but also the many friends of this Hospital, encourages us to hope for larger things in the near future.

At the annual meeting a communication from Mr. Carter, President of the Board of Trustees, was read, in which he wrote of the urgent need of a new building for private patients and of the benefits which would undoubtedly accrue to the Hospital were it in a position to meet the demand for high-class accommodations. We believe that a proper building, with a Michigan avenue frontage, well equipped, would produce sufficient net income to enable the Trustees to devote the entire available space in the older buildings to charity work.

It is becoming more apparent every year that St. Luke's is destined to become the Hospital for the emergency work of the business district of the city, and we look forward to the time when St. Luke's ambulance will do this work on the same lines on which it is performed by the large New York hospitals. When it is made possible to secure in an emergency the prompt attendance of an ambulance, equipped for emergency work, accompanied by a capable surgeon, with no long ride to a distant hospital in view, and no question of proper provision for the patient, we will

have scored a distinct and material advance in the hospital work of the city. We believe this to be within the realm of the possible and that it can be accomplished by the co-operation of this Board, the Board of Trustees, the Medical Board and the friends of the Hospital.

The following resolution was adopted at the annual meeting:

WHEREAS, There is need in Chicago for a higher quality of hospital accommodations than is now available; and,

WHEREAS, St. Luke's Hospital has the most central location for the purpose; and,

WHEREAS, The income from adequate private wards will make it possible to devote the whole of the present hospital to charitable cases.

*Resolved*, That this Board approves of the efforts now being made to add an additional private building, and promises the Board of Trustees its hearty co-operation in its efforts.

The work of the Board is classified under the following committees, and it is my wish to make their purpose clear to the public in as few words as possible:

The Woman's Board invites the co-operation and assistance of all its friends in their efforts to further this undertaking.

The Entertainment Committee, besides arranging for an entertainment for the patients on Christmas Day, is making active preparations for a ball to be given in the Auditorium December 15th, the proceeds of which are to be devoted to the fund for the Michigan avenue building.

The Linen Committee will continue in the field, where it has met success, and in order to assist the parishes in supplying linen during the coming year will hold a bazaar at the residence of Mrs. George M. Pullman on the afternoon and evening of December 5th.

The Library Committee will direct its efforts to providing a purely medical reference library for the Training School for Nurses, while they will assist in the up-building of the Patient's Library. The library for the nurses is of much greater importance than is apparent at first sight, and is worthy of the attention which it now receives.

The Furnishing Committee will direct its attention to adding and improving the furnishings of the Hospital.

The Committee on Children's Offerings expects to visit the different parishes of the diocese with a view of increasing the interest of the younger generation in the Hospital as a diocesan institution. St. Luke's Alumnæ Association has pledged its assistance in this branch of the work.

The Visiting Committee will endeavor to excite interest in the Hospital work by appointing sub-committees in the various city parishes, and by receiving and showing visitors through the Hospital.

The Committee on Free Beds will continue as a very considerable factor in the free work of the Hospital.

The Committee on Delicacies has succeeded in creating a strong interest in its work among the parishes, and hopes to at least equal its record of last year. In this connection I wish to state that all contributions received through this Committee are used in the open wards of the Hospital.

I desire to extend our thanks to all who have assisted in the work of the past year.

MARGARET ENDERS,  
*President.*

# Annual Report

Of the Recording Secretary of the Woman's Board of St. Luke's Hospital.

Fiscal Year Ending November 4, 1903.

The various items of the foregoing report may be found in reports of various committees.

## Report of the Chairman of the Committee on Linen.

In presenting the fourth annual report of the Committee on Linen it would seem only fair to our fellow-workers to call attention to two facts, lest comparison of the report for the years 1901-02 with that of the current year should prove misleading. (1.) Last year's report covered a period of eighteen months; this a period of twelve months. (2.) The very successful "Fête of all Nations" given by the Woman's Board anticipated any effort of the Committee on Linen for obtaining additions to their funds in a similar manner.

Four years ago, when the Linen Committee was organized, we set before ourselves certain ideals which we have faithfully tried to live up to, and though they are far from being realized, so much has been done and is being done that we can but feel justified in congratulating ourselves on the results obtained in the past, and in looking forward hopefully to the future.

The work of the parishes, through the delegates, your Chairman feels, deserves especial recognition; their support has been so generous and their work in its result so helpful that it would seem to call for cordial expressions of appreciation on our part.

The work of the delegates on associate memberships is especially valuable to the Committee, and the delegates should bear in mind that one new associate member in each parish means a total of at least forty-five dollars added to the funds of the Committee with which to supply the linen needs of the Hospital's inmates, to say nothing of the possible friendships which are to be found among the number,

which can neither be weighed nor measured. In this connection a word to the associate members would not come amiss: While it is a fact that an associate membership imposes no duties and entails no obligations it would seem to the Committee that they are entitled to have sympathy and interest shown in their work by all connected with it. A reception committee is at the Hospital Wednesdays from ten to one. All visits received at that time are reported to the Linen Committee at its next meeting. The members of the Committee feel that they are working for and with their delegates and friends, and any recognition of their efforts does not a little to repay them for much time and effort expended.

The Chairman's thanks for the results of the year's work are due to all officers and members of the Committee, to delegates on linen, to the delegates on associate memberships, to Mr. Curtis and Miss Johnstone for much timely assistance, to the Woman's Board and to the Board of Trustees for their co-operation and support.

## Report of the Entertainment Committee.

It having devolved upon the Entertainment Committee to raise funds for the Hospital, the idea of a "Fete of All Nations" was conceived, the carrying out of which was made possible by the generous donation of the Auditorium halls and parlor for January 24th, 25th and 26th by Mr. Southgate.

All our efforts met with a most generous response, and the hearty co-operation and assistance of all those who have the interest of the Hospital at heart.

The success of the undertaking will be shown by the Treasurer's report.

It was decided to expend \$7,000 of the money in repairs on the Hospital which were greatly needed, and \$2,000 was paid to the Hospital Treasurer on operating account. The remaining \$8,241.90 has been deposited in the Illinois Trust & Savings Bank.

The Entertainment Committee, besides giving the "Fete of All Nations," has devoted a part of its attention to providing entertainment in the Hospital.

On Christmas morning a musical and vaudeville entertainment was given in the St. Charles Ward, which was attended by all the patients whose condition permitted. It served not only to entertain the patients for the time being, but also to show how much they appreciate any diversion after the dull monotony and constant restraint of the Hospital wards.

This Committee also assisted and expended the sum of \$30 in providing for the Nurses' reception, held after the graduating exercises, June 24th.

One or two phonograph concerts have been held in the Children's Ward. Mrs. Armour contributed to the Hospital a large electric graphophone and ninety-three records, to be used in the Hospital wherever might seem best.

## Committee on Children's Offerings.

The report from the Committee on the Children's Offerings is as follows :

In March, 1903, a letter with Bishop Anderson's approval was sent to 121 clergy in the Diocese of Chicago, stating the desirability of interesting the children in the work of St. Luke's Hospital. A second letter followed asking that certain Sundays be set aside for contribution for this purpose. Up to the present time we have heard from fourteen Sunday Schools, four of which have sent us donations :

Christ Church, Winnetka.....	\$2 50
St. Simon's Mission, Evanston.....	2 00
All Saints Church, Ravenswood.....	3 00

### **Report of the Visiting Committee of St. Luke's Hospital.**

The Visiting Committee of St. Luke's Hospital has in its organization an active committee of ten members, to each of whom are assigned four parishes in the Diocese of Chicago, in which to appoint sub-committees. Thus some forty or more churches whose members are more or less interested in the Hospital are brought in contact with its work.

A day is also appointed for each member of the regular Board to visit the Hospital. Every Wednesday from three to four o'clock a member of the Committee will be at the Hospital to receive and show over the building any guests who are interested in the work being carried on. The Committee feel that only to see is to insure interest; they therefore extend a cordial invitation to all to visit the Hospital any Wednesday between the hours mentioned.

Visitors are requested to register their names in St. Luke's Guest Book.

ELIZABETH H. TRACY,  
*Chairman Visiting Committee.*

## Report of Committee on Delicacies.

The Committee on Delicacies in presenting their annual report, wish to express their sincere thanks for the interest taken in their work of procuring delicacies for the hospital. More parishes than formerly have evidenced their interest by sending boxes of "good things," and others have encouraged us by kindly words, therefore we feel truly grateful to all for their hearty co-operation.
